

# SUIT FOR DIVORCE AGAINST ALLEGED LERER IS PLANNED

John Early to Be Defendant  
In Action In State of  
Washington.

Information reached the city today that John Runkin Early, the alleged leper who was kept in quarantine for months on the banks of the Eastern Branch of the Potomac river, will be sued for divorce.

Early is at present an attendant at the quarantine station at Diamond Head, Wash., near Tacoma. Mrs. Early is in a hospital at Tacoma, where last week she underwent an operation for abdominal troubles.

Tacoma friends of Mrs. Early claim she has been planning to get a divorce for the past four years, but feared for the personal safety of her three children as well as dreading to face the ordeal, and that in attempting to shield her babies and herself the public has been led to believe that the home life of the couple was ideal.

It is said cruelty and extreme brutality will be among the charges upon which she will base her plea for separation. During Early's confinement on the banks of the Potomac the public was led to believe that the two were extremely devoted to each other. Announcement of the intentions of Mrs. Early to bring suit for divorce against her husband will be of great interest in Washington.

# Mine Bureau Engineer Has Birthday Today

This is the fifty-second birthday of Herbert M. Wilson, chief engineer of the United States Bureau of Mines, who was born in Glasgow, Scotland, August 23, 1860. Coming to the United States at an early age, he was educated at Cooper Union, and at the school of mines at Columbia College. He joined the United States Geological Survey as topographer in 1882, and filled the positions of irrigation engineer and geographer before he became chief engineer several years ago.

Senator George C. Perkins of California attained his seventy-third year today, and Congressman Samuel W. Smith of Michigan, former chairman of the District Committee, is celebrating his sixtieth birthday.

Congressman Joseph J. Russell of Missouri, is fifty-eight years old. Bishop Warren E. Candler, of the M. E. Church South, has reached his fifty-fifth year, and Brig. Gen. Henry E. Noyes, U. S. A. retired, is celebrating his seventy-third birthday.

# INJURED PRIVATE IS BROUGHT HOME

Young Guardsman Hurt By Sharp  
Stone Will Recover.

Alonzo Eaton, who was seriously injured at Camp Ordway yesterday, when he dove and struck the sharp edge of a protruding stone, is resting easily at his home, 1329 M street northwest.

His mother hurried to Camp Ordway yesterday as soon as she heard of the accident to her son, and found that every attention had been given him. Within fifteen minutes after the accident he was on the operating table and five stitches were being taken in the ugly-looking wound. As soon as he had gained a little strength Mrs. Eaton brought him home, arriving at about 10:30 o'clock last night.

Dr. William A. Jack, Jr., who is now attending the young militiaman, thinks the wound is in good shape, and that, if no infection sets in, the recovery should be speedy. Had the rock gone an inch deeper, however, Eaton would have been disemboweled.

Eaton is eighteen years old and has been a member of the National Guard about two years.

# DENTAL INSPECTOR IS BEING SOUGHT

District Needs Competent Person  
To Succeed Dr. Henry  
Johnson, Resigned.

The District Commissioners are seeking a dental inspector for the public schools, a position made vacant by the resignation of Dr. Henry Johnson. Announcement was made recently that an examination of applicants would be held by the United States Civil Service Commission August 28, at 1724 P street northwest, but no applicants have appeared, and the situation has resolved itself into a case of the office seeking the man.

Application blanks and information concerning the examination may be obtained from Dr. William Tindall, secretary to the Board of Commissioners. The salary of dental inspectors is \$500 a year. The rules of eligibility require that the appointee shall have had five years' experience as a practitioner, and two years' residence in the District.

Provision is made in the District appropriation bill for dental inspectors for both the white and colored schools. The inspector of the colored schools is Dr. John R. Francis, Jr.

# HOTEL GRAND CASE WILL BE REVIEWED BY APPEALS COURT

Higher Tribunal to Pass on  
Question of Revoking  
License.

Whether the courts of the District are empowered to revoke the license of hotel and cafe proprietors who are convicted in the future of either selling or dispensing intoxicants to minors will be decided by the District Court of Appeals in the near future. The test will be the case of Edward J. Gardiner, proprietor of the Hotel Grand, all the papers in which have been ordered sent to the Court of Appeals.

Gardiner, who was convicted in the District branch of the Police Court of "dispensing" liquor to an eighteen-year-old girl, was sentenced to pay a fine of \$25, because, in the opinion of the court, no greater penalty could be imposed in that the hotelkeeper had merely been convicted of "dispensing."

The penalty clause of the statute governing the case, stipulates that "any person convicted of selling" to persons under age shall have his license revoked. Judge Pugh, who heard the case, decided that the framers of the law did not mean "dispensing" and "selling" to be synonymous, and, therefore, did not empower the court with the revocation of the convicted man's license in that he merely "dispensed."

Assistant Corporation Counsel Schmidt, prosecuting for the District, asked for a writ of error, and an appeal of the case. Associate Justice Robb, of the Court of Appeals, considered the matter, granted the writ, and ordered all the papers in the case to be sent to the higher court within fifteen days.

# Boy's Body Rescued By Young Fisherman

While fishing at the foot of Thirty-third street northwest yesterday afternoon, eleven-year-old William Sullivan, of 1322 Valla place northwest, hooked the body of a colored boy which he dragged to the surface.
